ALTON, ILLINOIS

Loyalty Song

We're loyal to you, Alton High,
To the Red and the Gray, Alton High,
We'll back you to stand
'Gainst the best in the land,
For we know you have sand,
Alton High, Rah! Rah!
So crack out that ball, Alton High,
We're backing you all, Alton High
Our team is our fame protector,
On! boys, for we expect a victory
from you Alton High
Che-he! Che-ha! Che-ha-ha-ha!
Che-he! Che-ha! Che-ha-ha-ha!
Alton High! Alton High! Alton High!
Fling out that dear o'd flag of Red and Gray,
Cheer on your sons and daughters, fighting the fray;
Like men of old, on giants,
Placing reliance,
Shouting defiance,
Os-key-wow-wow!
Amid the broad green plains that nourish our land,
For honest labor and for learning we stand,
And unto thee we pledge our heart and hand,
Dear Alma Mater Alton High.

Checking out books from the book room is a vital and important activity during the first few days of September.

Lounging on the campus for a few minutes at lunch time or before school begins on a beautiful October day is one of our most poignant memories. Here everything is discussed ranging from approaching tests during the day to anticipated social activities at night.

It's a Lovely Day Today

Best Years of Our Lives

Not all boys who come to Dean Jackson's office are in trouble. This friendly group is receiving an explanation of some point or receiving instructions as Mr. Jackson's assistants in the operation of his office.

Lingering

This group was snapped from the balcony lobby window of the auditorium during a brief wait between lunch period and the next class. Whether the boy with the suit case is travelling or going somewhere is known only by the student himself.

Looks Like a Cold Winter

Old Man Winter blew in with a frigid blast last Thanksgiving Day but Alton fans turned out just the same to witness the annual football classic between Alton and W. M. A. By huddling close to break the icy wind and using every blanket available, the spectators managed to endure the cold.

There's No Business Like Show Business

Whether the occasion is the coronation of the football queen or the presentation of a play by the Dramatic Club or Thespians, the students at Alton High are an interested and cooperative audience. Guest speakers have commented on the good attention and courtesy shown them by Alton students.

About a Quarter 'Til Nine

Neil Pelot and Tom Holmes are shown posting the weekly calendar on the school bulletin board. This is one of the projects of the Boys' Cabinet—a service organization sponsored by Mr. Davis. This is an every Monday morning job which takes place "about a quarter 'til nine."

I Can't Show My Face

The application of make-up with both participants blindfolded is one of the initiation features of the Future Nurses.

And the Band Played On

Gil Newsome's High School Review which was broadcast over Station KWK is in process of preparation. This program which was broadcast Sunday, December 3, included selections by the chorus and band, a piano solo, interviews with students and an interview with Mr. Pruitt. Gil Newsome and John Traxler of the KWK staff were in charge.

Pal O'Mine

Boyd La Marsh and Susie Elfgen

Frequently seen in the halls of A. H. S. are Boyd La Marsh and Susie Elfgen—that is until Boyd graduated in January. After that event Susie remained true but looked quite lonely in her solo role.

A Pretty Girl Is Like a Melody

With solicitous hands the new Queen and her train are assisted to the auditorium floor. The young ladies following the Queen almost stole the show from their elder sisters.

Now is the Hour

Lunch time in the high school cafeteria is both an enjoyable and busy time at A. H. S. The serving of high school students as well as East Junior students and faculty members during a system of staggered lunch periods demonstrates what a smooth-running organization can do.

Whistle While You Work

The women of the cafeteria are an efficient and pleasant group who succeed every day in making every body happy with the preparation and serving of good food at reasonable prices.

March of the Hobgoblins

Pigskin Parade

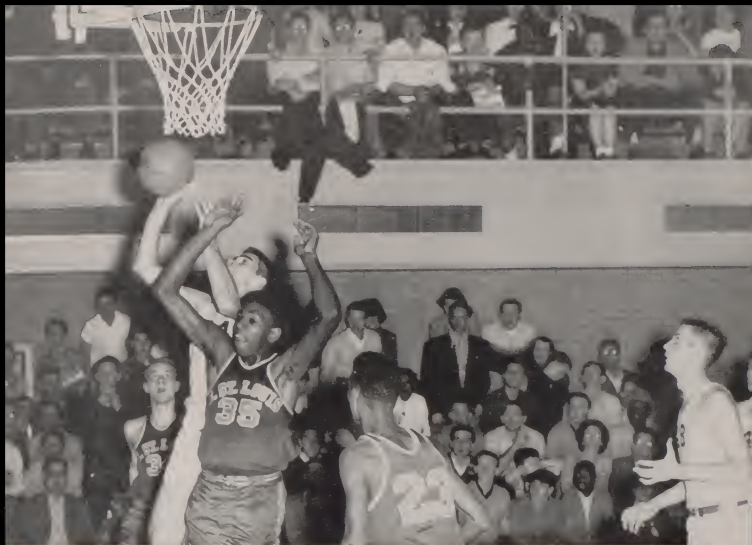

The song title is really misleading for there are few tears shed with Mrs. Frances Mutz in charge of the school clinic. Students come here to receive first aid and to receive any kind of guidance and assistance in matters of their health in keeping with public school nursing.

Domestic duties take on a new interest for the girls in sewing classes. With the addition of new equipment and facilities in the Homemaking department the study of sewing is becoming more popular.

Students in the biology department are concerned with what they see under the microscopes. Out of this group will appear biologists and bacteriologists of the future.

Buttons and Bows

With My Eyes Wide Open

Familiar class room scenes around A. H. S. would include a group in the cooking class being shown a procedure in baking by Miss Maxfield, some boys being shown a principle of drawing by Mr. Leiter; and an interested group in the science classes exploring some wonder in the field of science.

Dr. Frank L. Eversull, Professor of Education at Washington University and former college president, was the speaker at the January Commencement program. BOARD OF EDUCATION

Mr. C. J. SCHLOSSER, *President*

With Men Who Know

Standing at the top of the educational line of authority in the Alton public school system are the seven members of the Board of Education. Elected by the citizens of the school district, these men serve as the representatives of the people in a legislative capacity in the determination of school policies. They have been endowed with the powers necessary to organize and manage the schools. This group places the actual detailed management of the schools in the hands of a competent chief administrator, the superintendent of schools. His relationship to the board is defined, authority delegated to him, and he is held responsible to the board for results. The superintendent, with the aid of specially trained officers for his administrative and supervisory staff, works with the

principals, the principals with the teachers, and the teachers with the students. All are necessary parts striving to produce satisfactory results in carrying out the policies of the administration. With this machinery in efficient operation, the true purpose of the schools is accomplished — that of making it possible for the youth to learn how to solve the ever-increasing problems of a complex society.

The Board of Education is composed of men who are prominent in the business and professional life in the City of Alton. Its president, Mr. C. J. Schlosser, a certified public accountant, heads an accounting business. Mr. H. Edward Meyer, secretary of the board, is Secretary and Finance Director of the Home Building and Loan Association. Mr. E. K. Ellgen is owner of the City Fuel and Supply Company. Mr. R. L. Goulding is President of the E. H. Goulding Company. Mr. E. L. Hull is President of the Community Dairy. Dr. F. A. Morrison is an obstetrician. As these positions would indicate — these men are occupied with the operation of their own businesses — no small responsibility these days. But these men have taken the time from their business and social obligations to serve as members of the Board of Education without financial remuneration. Meeting twice a month for regular meetings and at frequent special meetings, these men devote many hours of their time to the business of the Alton Public Schools. Because of an expanded building program necessitated by the rapid increase in the student population in the city and the desire to make the Alton system efficient in meeting the educational needs of boys and girls, we are confident their problems have been increased. To them, we express our sincere thanks and gratitude for their efforts in our behalf.

SUPERINTENDENT OF SCHOOLS

J. B. JOHNSON
B. Ed., Southern Illinois University
M. A., University of Illinois

In October, 1947, Mr. J. B. Johnson stood on the top rung of the Alton educational ladder when he was appointed Superintendent of Schools, climaxing a wide experience in the Alton school system since his arrival in Alton in 1929. His first duties were at Roosevelt where he taught manual training and mathematics and was basketball coach. After a year's leave of absence to complete degree requirements, he returned to Roosevelt to teach general science and to coach basketball and football for two years. He was then appointed teaching-principal of Clara Barton School for three years. Then to Horace Mann as principal for five years, to Milton as principal for one year, to East Junior for one year and to the Senior High School as principal for three years. In 1947 he served one month as administrative assistant in charge of business before his appointment to the superintendency.

During Mr. Johnson's administration, advancements have been made in every field of school activity and with the whole-hearted support of the Board of Education and the administrative staff, substantial strides have been made toward making the Alton system the best in the state. Mr. Johnson's pleasing and dynamic personality plus his adherence to a daily program of hard work have been instrumental in his leadership extending throughout the entire educational program. With Mr. Johnson we have the feeling that the interests of the students and teachers of Alton are in strong and sympathetic hands. Come what may — good, bad, or indifferent, we are confident that Mr. Johnson will be guided by what is right and that the interests of the boys and girls in Alton are his basic concern.

ADMINISTRATIVE ASSISTANTS

Stout Hearted Men

RAYMOND READY

Administrative Assistant in Charge of Curriculum
A. B., Indiana University
A. M., Indiana University

Mr. Ready is another leader in our system who has served well in his educational capacities. Coming to Alton in the fall of 1925, Mr. Ready was teaching principal at Horace Mann School for three years before he was appointed as principal of Roosevelt for seventeen years, and, for three years of that period, was in charge of Humboldt school. He was appointed to his present position five years ago—a post in which he has demonstrated his ability to achieve a widening and enriched educational program in the public schools. Mr. Ready's ever-courteous manner, his fine spirit of helpfulness, and devotion to any enterprise which would benefit our school system have won the respect of the students and teachers alike. His kindly inspiration and guidance serve as a challenge for all to do their best.

E. M. LEAMON

Administrative Assistant in Charge of Buildings and Grounds
B. S., University of Illinois
M. S., University of Illinois

Mr. Leamon is completing his second year in his present position, and has done a very efficient job of taking care of the maintenance and the operation of the buildings and grounds of the Alton school system. He is the "trouble shooter" which is no small responsibility with the large number of schools with their heating, plumbing and electric problems in addition to the many things which go wrong in building maintenance.

Before coming to Alton where he has served two years as teacher of industrial arts and two years as principal of the Senior High School, Mr. Leamon taught shop and coached three years at Palestine, Illinois, taught industrial arts and coached at Redmon, Illinois, for two years and was principal of the high school there for ten years. Mr. Leamon's tall figure is a welcome one in the halls of A. H. S.

C. R. WRIGHT

Administrative Assistant in Charge of Vocational Education
B. E., Western Illinois State College

New to the Alton system this year is Mr. Wright, who brings to his position here a wealth of both trade and educational experience for the setting up of a complete vocational program in the Alton schools. Besides training at Bradley and Iowa universities, Mr. Wright received seven years trade experience before entering college. At Decatur he supervised the War Production Training Program and was more recently, for four years, State Supervisor of Trade and Industry under the State Board of Vocational Education. Mr. Wright has taught in the vocational fields in high schools in Brimfield, Moline, Decatur, and Dundee, Illinois. Mr. Wright has done a good job in one year in setting up a program which would be more thorough upon completion of the Olin Vocational School.

MACY PRUITT
A. B., University of Missouri
M. A., University of Missouri

Shortly after he was graduated from a small Missouri high school and still in his teens, Mr. Pruitt, our principal, began his teaching career in the rural schools of the Missouri Ozarks. After four years of teaching the 3 R's there, Mr. Pruitt spent a year as an instructor at the University of Missouri. He came to Alton in the fall of 1930 as a teacher of social science. Mr. Pruitt was appointed Dean of Boys in 1942 and served through 1949. Roosevelt Junior High called him to its principalship for the next two years. Last year, he returned to Alton High as principal. Mr. Pruitt's teaching and administrative experience and extra-curricular sponsorship of the Times staff, Student Council, and Boys' Cabinet have given him an excellent background as "skipper" of the good ship A. H. S.

Mr. Pruitt's naturally cheerful disposition and sunny smile are seldom seen glimmering — even on the dull days. Being the guiding light over the rough shoals in the educational sea for thirteen hundred students and over sixty faculty members is a responsibility which requires kindness, fairness, firmness, tolerance, and understanding. He possesses these qualities and in their application has won the respect and admiration of us all. Even though he has many important responsibilities, he always finds time to give to smaller details and problems of the high school students.

This administrative triumvirate comprise the able assistants to Mr. Pruitt in meeting the many responsibilities in the operation of the school. Mr. Davis came from the principalship of East Junior to the high school as our assistant principal, and has already succeeded in taking a few kinks out of the knots involved in registration. As deans of boys and girls, Mr. Jackson and Miss Teter are busy checking absences, writing "admits" to class, meeting discipline situations, advising students as to college opportunities, and sometimes serving as "godfather" and "godmother" to them all. The work of these three, with the added services of Mr. Harlan, as counselor, in guiding the students in their curricula, is appreciated greatly.

OFFICE STAFF

Norma Skipper, Clerk; Doris Taylor, Registrar; Nancy Davis, Clerk.

The Secretary's Song

We often think that the members of the office staff are the most patient persons in the school: since the general office is to the school what the brain is to the body, it is a gathering place for all those students and teachers with problems. Assigned to numerous routine duties in connection with their assignments, Norma, Nancy, and Mrs. Taylor, always come to the rescue. These three young women make a good team and we are grateful for their patience and understanding.

You Gotta' Be a Football Hero

The coaching staff, along with Athletic Director Jackson, takes time out.

Coaches Grove and Talt interrupt a busy practice to pose for the Tatler photographer.

"This is
the Life"

"NOTHING BUT THE BEST"

Coach Roger Grove, new grid incntor at Alton, gave the Alton High fans a shot in the arm as well as the team. The spirit of the team increased greatly and this along with the excellent attendance of fans at the games was largely responsible for the good record of the team. Coach Grove, plesed, but not satisfied, plans to continue giving the Southwestern Conference something to worry about in Alton High.

Highly capable assistants were present in the persons of Joe Rallo, who directed line play, and E. V. Halt, former football coach at Jerseyville.

Indicative of things to come, Coach Walter Willis's sophomore team completed the season without a loss; including a victory over the East St. Louis soph's who hadn't been defeated since Alton interrupted a similar string of victories two years ago.

Opposite — Don Gibson and Ray Murray close in on a McKinley "Gold-bug". This was the first game of the season which the Birds won 7 to 0. In the next game, however, Alton was held to its only tie; this was with McBride of St. Louis. The Hilltoppers improved rapidly and won the next two games, over Woodriver, 22 to 19, and Edwardsville 19 to 7. This undefeated record was broken by East St. Louis, the conference champs, by a score of 20 to 0. After victories over Belleville and Collinsville, Alton was defeated 28 to 0 by Granite City, but capped a successful season by running over Western 37 to 6.

Coach E. V. HALT and Coach JOE RALLO

To go along with that new look in football, we have a new basketball coach. E. V. Halt. His previous teams have been fast, good ball-handling teams; good enough, when with their records combined, to have a .712 winning percentage.

Formerly coach at Lawrenceville and Jerseyville, Halt took the reins in hand at Alton and proceeded to weld a smooth-functioning team from last year's mediocre five.

The varsity won 17 and lost 10 this season while the "B" squad won 15 and lost 4. Ass't Coach Joe Rallo has shown his ability in adopting the new cage style, through the performance of the "B" squad.

Alton High Basketball Squad

The Varsity get some of their school work on the floor as Coach Halt diagrams a play.

The team this year represented the culmination of the high school careers of many of the varsity in Alton High. The fans saw new life poured in the team which turned in its best record since the '44-'45 season. They saw Bob Kuhn score many of his 403 points in the Alton High gym and Karl Hoagland, second high scorer on the squad, demonstrate time after time that hard-driving basketball pays off. These two, with Jim Hallek, rebounder extraordinary, Ken Lawson, tall pivotman, and Jack Hill, the only Junior on the starting five, worked as a team that ended in third place in the tough Southwestern Conference. Perhaps the close scores listed below with Edwardsville, one of the "Sweet Sixteen," and East St. Louis, conference champions, really indicate what might have been.

The team is working hard though, and is trying to emulate the winning records of the football and basketball teams.

BASEBALL

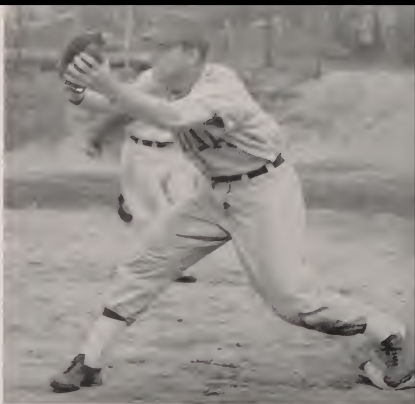

The Alton High Redbirds, getting started early, this year, hope to increase their percentage of wins over last year's good record of 9 wins and 4 losses. Coach Jureziz, always in search of promising sophomores and juniors, who will be at school for two or three years, has a large group to select from. This will be especially necessary this year for the present team will be composed mainly of graduating seniors.

Alton High School Chorus

The chorus, under the direction of Mrs. Doris Rue, made many public appearances. Among them were the Christmas Concert, Assembly Programs, and the High School Revue Program. Last year the organization went to Wood River to sing with other nearby schools in the 1000 voice choral group.

Any student with vocal talent may join the chorus. With the junior high choruses giving an impetus to the growth of the chorus, Mrs. Rue is delighted each year by an increasing number of members.

Memories

Associate Editor Lewis Purnell and Editor-in-Chief Wesley Pruitt compare the new layout of the 1951 Tatler with last year's edition with Faculty Sponsor, Mr. Don Lewis.

The preparation of the TATLER is an extra-curricular enterprise at Alton Senior High School which requires the co-operative effort of a large staff. Beginning with their appointment in May of their Junior year, the new staff considers the selection of a theme and plans a rough dummy of their publication which will come off the press one year later. Upon their return to school in September, a schedule is set up for the three chief divisions of the year book work—the taking of pictures, the solicitation of advertising, and the selling of subscriptions. This work continues through the year until the completed dummy is turned over to the printer by April 1. The entire process is a long grind, frequently beset with obstacles to overcome and problems to be solved. But each challenge is met and the new TATLER joins the many editions which preceded it in depicting student life in Alton High.

1951 TATLER STAFF

Photographers Crosman Woodbury and Bob Schudel pose with members of the subscriptions staff — Darlene Zumwalt, Phyllis Landiss, Daisy Lou Frohock, and Sales Manager, Bill Wilson.

It was not often that Editor Wesley Pruitt and Associate Editor Lewis Purnell were able to exhibit so much control over this group of girls as indicated in this picture. Silenced for an instant by a threatening student photographer, the girls are examining picture arrangements for the new edition. They are Marjorie Doman, Margie Benecke, Pauline Fluck, Mary Ann Baker, Charlene Spencer, Janice Sherwood, and Pat Lawrence.

Advertising Manager Carl Hartmann, on the right, is explaining how a prospective advertiser in the TATLER should NOT be approached. This entire group with the exception of Jim Sokolowski, photographer, comprises the advertising staff. Seated are Clare Blodgett, Barbara Harlow, Gloria Bramhall, Barbara Burge, and Sevelia Allen. Standing are Jim Sokolowski, Sally Winkler, Nancy Poole, Martha Tallman, and Carl Hartmann.

All twenty-three members of the staff serve as reporters; in addition, Mollie Radecke, Elaine Pestner, and Delores Van Hoy plan appropriate features for each issue.

In the financial department, Ads Solicitor, Bill Miller makes an appointment with a local business man while Don Treece, Martha Tallman, and Business Manager Barbara Harlow confer with Photographer Bob Schudel regarding advertising layout for a special issue.

ALTON HIGH TIMES

Co-Editors Bette Bailey and Janice Sherwood as well as the TIMES Business Manager Barbara Harlow and their sponsor, Miss Irma Stith, spend approximately three hours every day planning and preparing material for Alton High's school paper, a bi-weekly publication prepared by the journalism class.

The Times is a member of the Illinois State High School Press Association and sends delegates to the annual convention of that organization in Champaign every fall. At this meeting the delegates attend round-table discussions, hear addresses on different phases of journalism, and talk shop with the delegates from other schools.

Everybody gets into the act at 7:30 Friday mornings when the *TIMES* has to be folded and counted for 8:30 circulation; but Ed Linebarger, Gene Piggott, Roberta Oettle, and Harry Kortkamp are responsible for seeing that things go smoothly. Charles McKinley and Bill Kohler assisted by editor Bette Bailey make up the mailing list exchange schools and advertisers.

The Alton High *TIMES* has done an excellent job of presenting the news of the school. For its extensive news coverage, features of popular interest, and timely and sound editorials, the *TIMES* has established an enviable reputation among school publications in the State of Illinois. Several worthwhile innovations have been made in the *TIMES* this year. Heading the list was the addition of Scholastic Roto — an interesting collection of pictures dealing with high school life throughout the nation.

The staff has also published several special editions devoted to Christmas, Easter, sports, and graduation. Besides giving valuable training as a form of laboratory project for students in journalism, the *TIMES* is eagerly awaited on the days it is distributed and has proved an important factor in the spread of news of interest to students and teachers.

Proofreader Eileen Hiller and Make-up editor Darlene Zumwalt, assisted by the advisor, Miss Stith, plan, cut, and paste up the dummy while editor Janice Sherwood and typist Barbara Vaughn prepares some last minute copy. John Show checks with an old rival, Wood River, concerning their line-up for Friday night's game; while other sports writers, Tom Holmes, Laverne Twichell, and Dick Groff, talk over the Bird's chances for a victory.

STUDENT COUNCIL

Is There Anything Wrong?

Meetings are held once a week and new members are elected each semester.

BOYS' CABINET

The Boys' Cabinet is continuing to merit the respect it has gained in past years. A service organization, some of their responsibilities are the taking of tickets at basketball games and plays, announcing the football games of most of the local schools, and operating the ice cream concession. The installation of new room numbers was the most recent project of the Cabinet. As a social sideline, the fellows entertain themselves once in a while with trips to St. Louis or elsewhere with Mr. Davis, the adviser.

DRAMATIC CLUB

Pretending

The Dramatic Club of Alton High was founded in 1923 for the purpose of creating and expressing the interests of drama and its functions.

Once or twice a year the Dramatic Club holds "tryouts" in the auditorium. Candidates for membership are chosen for interpretations of roles, diction, and enunciation.

The Dramatic Club presents two annual plays, one each semester. In these plays the students interested in dramatics have the chance to act or to help with the lighting, props, make-up, and prompting.

The National Thespian Society

The Thespian Society is a National organization started in Alton Senior High in 1932; the Alton troupe number is 126. The Thespian Society is honorary and only those who have done a required amount of dramatic work are eligible for membership.

An induction ceremony is held twice a year when new members are taken into the society. A banquet is held at that time and the Best Thespian is announced.

Each year two Thespians pick a cast and direct a one act play for assembly.

Miss Mildred Rutledge is the troupe sponsor.

Dramatic class performs a laboratory experiment in make-up under the direction of Miss Dorothy Colonius.

THE GREAT BIG DOORSTEP

Here are a few views of "*The Great Big Doorstep*" and the cast. Presented by the January graduates and directed by Miss Dorothy Colonius the play was seen by a capacity audience.

Arlene Bailey reads a love letter while Don Dreith thinks about what he will have for dinner.

ALTON HIGH FOOTBALL QUEEN'S CORONATION

Each year, before the Thanksgiving Day game, the students select a Queen who presides at the game and at the Thanksgiving dance. Always a colorful spectacle the event had entertainment provided by Clare Blodgett, singer, and baton twirlers, students of Norma Helwig. The coronation is presided over by the retiring Queen, who, because of school tie-ups, was represented by last year's first maid, Pat Beaty. Just before the new Queen is crowned the past Queen steps down and the new Queen sits upon the throne, crowned as Queen of Love and Beauty.

Pat Beaty, escorted by Charles Anick.

First Row: Janice Rapp, Betty Huffman, Diane Meloy, Carol Wolfbrandt, and Judy Mason.

Second Row: Charlene Spencer, Arlene Bailey, Pat Beaty, Jamie Grove, crownbearer; Mary Cousley, train bearer; Mary Lou Carter, Queen; Virginia Gaul, train bearer; Elizabeth Henderson, scepter bearer; Billie Pollard, Sevelia Allen, Clare Blodgett.

Third Row: Don Gibson, Wes Precitt, Charles Anick, Don Dreith, Jerry Chambliss, Bob Lewis.

The Queen candidates discuss the preceding coronation with Mr. Duker.

SENIOR PROM

The graduates of Alton High always end their high school career with the Senior Prom. This is an important event in any student's school life for he knows that perhaps this will be the last time he will see some of his close friends and that college and vocations disperse graduates widely.

Reminiscing and dancing go hand in hand.

Tommy hands out programs while LaVerna watches the birdie.

CAFETERIA STAFF

Second Row: Otila Purcell, Lyda Whittleman, Bertha Cartwright, Josephine Bruck.

Third Row: Anna Ewing, Edna Hughson, Viola Hock, Hilda Richards, Clara Lewis.

The cafeteria staff performs a valuable and efficient service to the school in serving approximately 1000 students and faculty members each day. Miss Jane Henry is in charge of the cafeterias in all the schools and Miss Mary Sidwell is in charge of the high school organization which besides the adult staff includes between forty-five and fifty student assistants.

Three bags of potatoes are used daily or fifteen one-hundred pound bags each week. Forty pies are baked daily, nine long pans of cakes, three gallons of pudding, one gallon of jello, and four cases of vegetables. Twenty-five pounds of flour are used daily for gravy. Meat loaf requires 110 pounds. When fish is served 140 pounds are required. One thousand bottles of milk are used daily.

The Thanksgiving menu is always an anticipated event with turkey and all the fixings. Special decorations are used for other holidays which add to the appearance of the cafeteria.

BUILDING CUSTODIANS

Visitors to Alton High have been impressed by the clean and neat appearance of the building and grounds, and, when told that the building is almost twenty-five years old they are unanimous in stating that the building doesn't look half its age. While painting and repair are partially responsible for this compliment there is no doubt that the constant and efficient care of the building by the custodial staff under the direction of Mr. Woods and Mr. Jones is largely responsible. Mr. Jones, as head building custodian, is the man "Friday" around A. H. S. and engages constantly in some form of trouble shooting. The work is distributed among the group and the fine team work they display is an example of their important service in the school organization.

P. L. Woods, Head Custodian

To this staff the students and teacher owe their thanks for providing a clean and pleasant working environment which is so essential to their health, comfort, and happiness.

Furnace Attendants: Albert L. Klump, Everton Watson

Custodians: Monie Hohnsbehn, Wesley Meador, William Rowling, Emil Budde, O. B. Jones, Head Custodian.

To Our Advertisers and Friends . . .

Financing the production of a school yearbook is never easy — whether the times be boom or bust. Each period brings with it a new set of problems to be solved. Higher costs for each phase in the production of a yearbook during these days of high prices amplify the problems involved. There are those to whom the yearbook represents only a collection of pictures which arouse an interest in the present and a sentimental reverie for the future. It is all that — but to other persons, especially to the thirty-odd students on the Tatler staff, the yearbook represents a business proposition.

The drafting of specifications, the awarding of contracts for photography, engraving, covers and binding, and expected costs require the setting up of a budget for anticipated expenditures. This is followed by the other half of the budget-anticipated income and a listing of the enterprizes and their amounts which bring forth revenue. Prominent among these items is the amount necessary to receive through advertising from our business and industrial friends.

The members of the Tatler staff have had the exceptional opportunity to leave for a time the cloistered atmosphere of the class room and to go out into the world of commerce and business for the solicitation of advertising. Needless to say, this has proved an educational experience in the practical field of business operation. We owe a debt of gratitude to our advertisers for this opportunity and for their helpfulness in making possible the production of the 1951 edition of the Tatler. To them we could all sing, "Thanks a Million!"

VISIONS

It has been said "Young men see visions and old men dream dreams." You have visions of the future, a future in which you see homes, a shady street, families, automobiles and an abundance of the fine things of life. These things we have come to accept as the American way of life and we have kept our standards high and our security firm. But, how many people visualize how this security was made?

As you graduate this year, you need only look to your achievements and the fine record made in school to find the answer. No one completed your studies for you! Certainly you had guidance, instruction and help, but it was a big job and entirely up to you. In doing a successful job you built one important step in your security by the dint of your own efforts.

America has become strong because what we have, has, from the time of the earliest pioneers, been earned by the sweat of the brow and the effort of individuals.

If we as individuals expect security, and in turn if America is to survive, we must earn the right through our own individual efforts to make our vision come true. Security cannot be had by wishful thinking.

Owens-Illinois is the leader in the glass industry, and has earned this place through its own efforts and those of the people who make up the company. Owens-Illinois congratulates you upon the completion of your school work. In years to come if you should become associated with us, perhaps we can earn and build our future security together.

THE BIGGER THEY COME

Hunting big game is a man-sized job. That's why from the wild north woods to the jungles, hunters rely on Winchester SUPER SPEED and Western SUPER-X cartridges with SILVERTIP expanding bullets. Their world-wide reputation for smashing power and long-range accuracy is another example of the superiority people recognize in ALL of OLIN's many products.

WHAT DO YOU WISH TO ACQUIRE?

- . . . a home?
- . . . an auto?
- . . . a television set?
- . . . further education?

Name it . . . and
CONSUMER CREDIT
can help you GET IT!

Dr. Frank Parker

Prof. of Finance, Wharton
School of Finance and Commerce,
U. of Pa., Philadelphia, Pa. says:

"A thorough course in consumer credit would make our youth understand the comparative merits of consumer credit as distinguished from savings and thus be appreciative of the fact that the kind of consumption indulged in by an individual may react not only upon his well-being in general but also upon his economic productivity.

The more varied, the higher, and the finer his tastes, currently gratifiable only by the purchase of articles through consumer credit, presumably the greater will be his intelligence, his efficiency, and his capacity for productive effort.

In short, the possession and the use by the consumer of articles acquired through the channels of consumer credit which eliminate the inconveniences and soften the humdrum of daily routine, may lead to higher standards of production than might be achieved on a strictly cash basis."

*No nation, the world over, has
thus far achieved the high
Standards of living that is enjoyed by
Mr. or Miss Average Citizen, U. S. A.*

*Perhaps this is because, basically,
we are an honest people
and as such, are ever-willing
to place our faith and our trust
in our fellow man . . . and
to share with him
the fruits of our labors.*

*This characteristic has resulted in
the extension and wide use of
what is known as "Consumer Credit"
. . . a typically American practice.*

*In the proper use of Consumer Credit
is your greatest assurance of
enjoying the better things of life
. . . and a way to further
increase your standards of living.*
